

Recognize your peers

Shoutouts offer you a way to give recognition to a peer for exemplifying one of the 5 Medavie Values. These messages of recognition are visible on the daily feed and allow anyone in the organization to get involved by commenting or liking the shoutout.

Step 1

Choose Shoutout from the Social drop-down.

Step 2

Click on the Give a Shoutout button

Step 3

Type and find the name of the peer you wish to recognize and choose them from the list.

Step 4

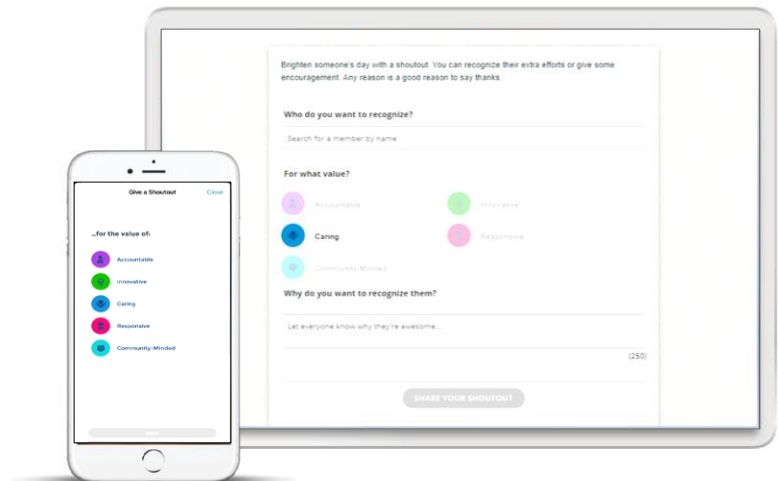

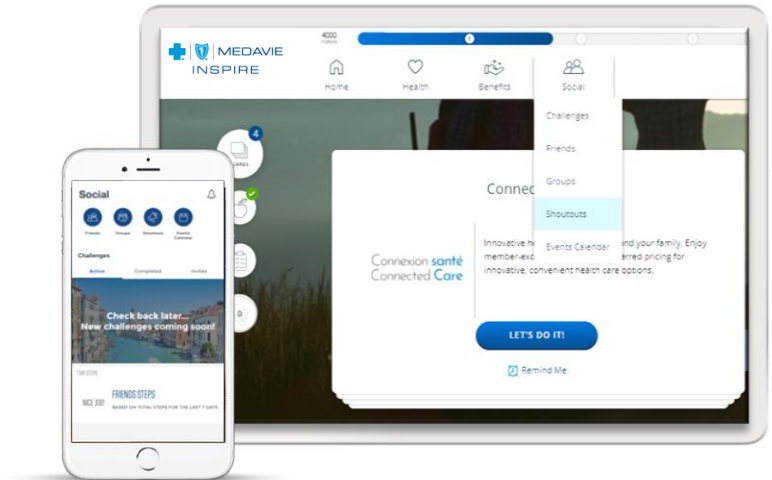

Select the Value that best describes why you are choosing to recognize them.

Step 5

Tell us why you want to recognize them by sharing your story and even the impact it made on you.

Step 6

Click 'Share Your Shoutout' to post.

If you don't have a shoutout to give, you can interact with other recognition posts.

1. Like or reply to recent shoutouts
2. Flag posts that are inappropriate
3. View the all-star section and see who has given or received the most shoutouts
4. Choose 'My Activity' and see your recent shoutout interactions
